School Welcome

Welcome to KAI Global School, our online branch of Kanata Academy International in Canada's capital city, Ottawa, Ontario.

In 2015, we opened our online school with the mission of offering the same high-quality, innovative education experiences to local and international students online as we do on-campus.

Since opening we have welcomed and graduated students from more than 20 countries.

KAI Global School Offers the OSSD (Ontario Secondary School Diploma) and follows the policies and expectations set by the Ontario Ministry of Education. We are fully inspected and accredited (BSID 665538).

Universal Recognition

The Ontario Secondary School Diploma (OSSD) is widely recognized for admission to universities and colleges in Canada, the USA, and worldwide. According to recent PISA results, the OSSD is ranked in the top 15% of high-school diplomas among developed countries (OECD, 2014).

Dual Diploma

University admission is competitive. That is why we developed the Dual Diploma program. Students can study with KAI Global School and earn the OSSD, while continuing their studies in their local school.

Upon graduation, students will have both a Canadian high school diploma (OSSD) and their local curriculum diploma. Completing both diplomas shows Universities and Colleges that they are ready for University level studies.

Ask us how we can grant equivalency credits for your national curriculum courses and build your Individual Education Plan. We create a plan that works for you!

Grades Grade 1-12

Students can join us at any grade. High School students will be granted equivalency credits through the Prior Learning & Recognition Assessment Process.

Study at Home

With flexible class times and many options, KAI Global School Online courses combine the high teaching standards we are known for worldwide with the convenience of studying in your home country. Our uniquely designed online program is user-friendly with unique proprietary curriculum content.

Register now, and our experienced Educational Consultant will evaluate your specific requirements and select a teacher perfectly suited to your study needs.

Live Classes

KAI Global School offers scheduled live classes and one-on-one live support packages. We offer these options to tailor to every student and their differing needs and preferences.

Student Centered Education

We provide a student-centered education. Our teachers and support staff are dedicated to making our students feel safe, meaningful & valued. We teach our students to be curious, confident, resilient & independent learners by providing a stimulating atmosphere that supports risk-taking & encourages students to express their ideas.

Course assessment considers each student holistically. We look at student engagement and output, such as projects, presentations, essays, examinations, and more. Students don't simply repeat what they learn, they are encouraged to be informed and curious learners.

Why our strategies make a difference

Post-secondary institutions and the workforce are teaching and assessing differently than they did 20 years ago. We are responding to these changes to ensure ALL students are prepared. KAI Global School students report they felt better prepared from their Grade 12 Foundational Year at KAI Global School than they would have if they had entered post secondary with only experiencing their national curriculum.

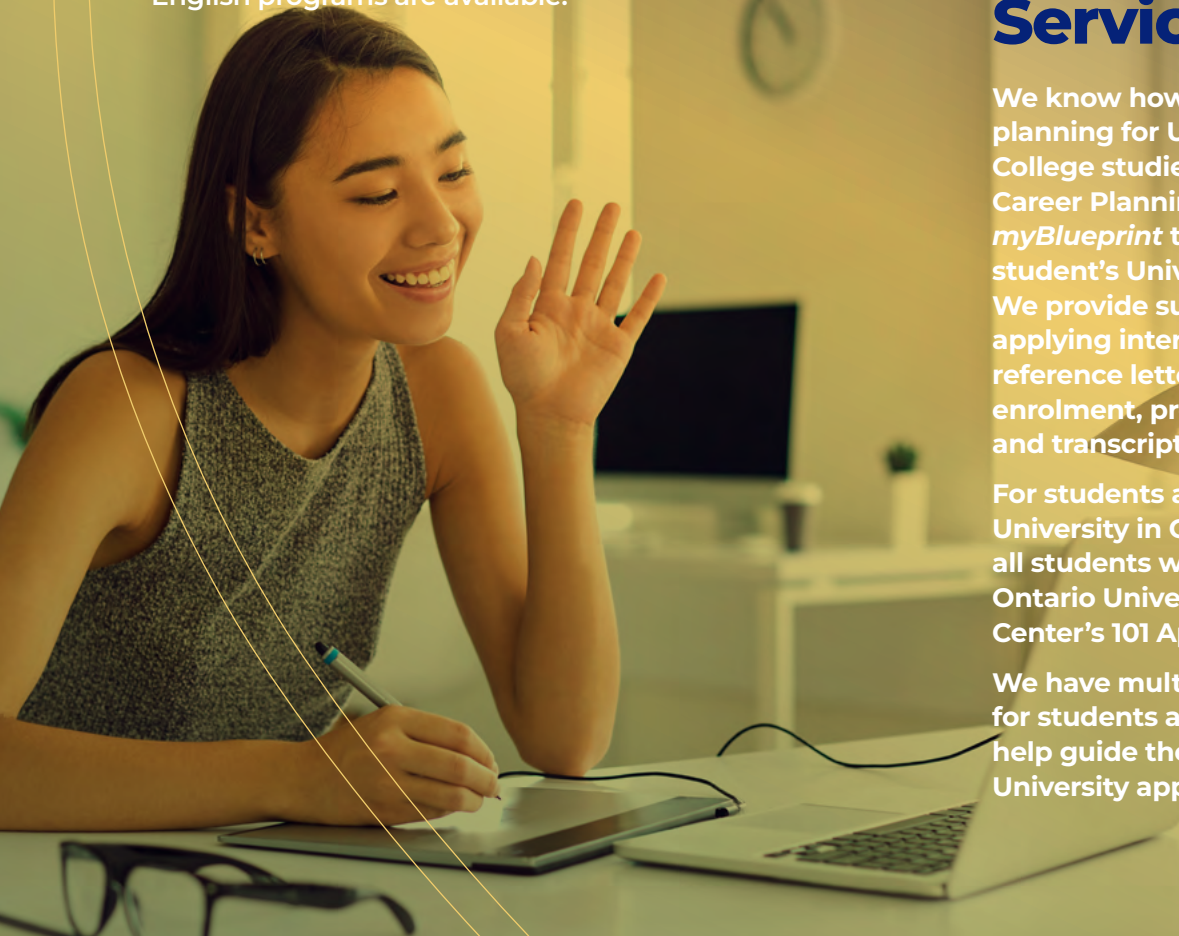

On-campus opportunity

KAI Global School has a campus in Canada's capital city Ottawa, Ontario. Students can seamlessly move from online studies in their home country to our in-class studies on our Canadian campus. We offer the exact same courses in our day school as we do online. On top of excellent academics, we offer cultural field trips, clubs, dance, hockey, soccer, skiing and more.

ESOL (Ages 5-Adult)

We offer an extensive, robust, and interactive ESOL (English for Speakers of Other Languages) curriculum for K-12 learners taught online live, in a group or one-on-one.

Individual and group learning for adults with our experienced, qualified English teachers is available. Intensive English, IELTS, TOEFL, and Business English programs are available.

University Guidance Services

We know how important planning for University of College studies is. We use a Career Planning Tool called *myBlueprint* to help plan a student's University Pathway. We provide support for students applying internationally with reference letters, letters of enrolment, predicted grades, and transcripts.

For students applying to University in Ontario, we provide all students with access to the Ontario University Application Center's 101 Application.

We have multiple webinars for students and parents to help guide them through the University application process.

Student Testimonial

I have had an amazing time studying at KAI Global School while I am still in Vietnam. I have been so happy with the online study environment, friendly staff and wonderful services they provide like live classes and unlimited live tutoring. There are even Virtual Clubs you can join and I love the Anime club that Mr. Giovanni runs. I also have had so much fun working on the Wharton Investment Simulation Challenge with Ms. Kristel and my classmates. I never thought I would feel so connected to my classmates and teachers in a virtual school. I also feel ready to go to Canada for University next year. I highly recommend KAI.
